Petroleum Abstracts . . .

your global information partner.

Statement of Purpose

Petroleum Abstracts is an abstracting and indexing service conducted as a not-for-profit operation by The University of Tulsa. Basic support is provided by corporations within the petroleum industry, each underwriting the expense of providing this service based on the extent of its involvement in the industry.

***Petroleum Abstracts* Bulletin**

Petroleum Abstracts contains abstracts of the worldwide technical literature pertaining to petroleum exploration and production. Journals, patent gazettes, full-text patents, conference proceedings, standards, books, dissertations, government reports and other publications are reviewed for technical material of interest to professionals in the following areas: geology, geophysics, geochemistry, drilling, well logging, well completion, production, reservoir studies, transportation and storage, alternate fuels, business and economics, HSE, and science and engineering.

Bulletin records are distributed weekly via e-mail in various formats. Subscribers may elect to receive either the entire Bulletin electronically or to receive various record subsets based on user interest profiles. Contact Petroleum Abstracts for subscription information on these services.

Online Databases

As each issue of the bulletin is produced, the same material (with an expanded set of index terms) is added to an online file, the TULSA database. This database, growing at a rate of more than 30,000 items per year, contains about 950,000 *Petroleum Abstracts* entries dating from 1965. It also includes the Oil and Gas Fields Bibliography, a subfile of earlier references for oil and gas fields around the world. Access to the full TULSA database with abstracts requires the purchase of an annual search license. Contact Petroleum Abstracts for more information on accessing TULSA.

Document Delivery

Photocopies of most articles and patents abstracted for *Petroleum Abstracts* can be obtained from Petroleum Abstracts Document Delivery Service, McFarlin Library, 2933 E. 6th Street, Tulsa, Oklahoma 74104-3123. Phone: 918-631-2231. Toll-free (U.S. and Canada only): 800-247-8678. Fax: 918-631-3823. E-mail: PADDIS@utulsa.edu.
